## OVERVIEW OF CAMP ACTIVITIES

Our summer camp program consists of morning weekly camp sessions (Mon-Fri 9:30-11:30am) for ages 6-10. Students may choose to attend the camp on-site at our studio or virtually from home.

Students who choose to attend on-site will have their temperature checked daily and facial masks will be required. Social distancing of 6 feet will be enforced, and the Bravo studio will be deep cleaned daily. A main teacher and one extra supervising teacher will be present to help students follow the safety precautions. There will be a limit of 3-6 students maximum in the studio per session.

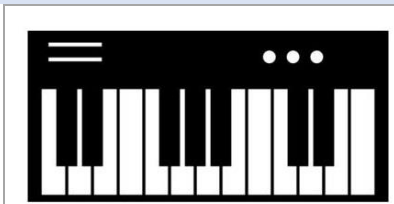

Students who choose to attend virtually will connect with Bravo and the other students through Zoom. A computer/laptop/tablet and a strong internet connection are required.

### SUNSHINE STRETCH

We'll start each morning by saying hello and doing fun stretches and exercises together. Stretching increases blood flow throughout our bodies, helps us stay flexible, promotes better posture, eases stress, and encourages a healthy lifestyle. Let's keep our bodies healthy, calm our minds, and have a great start to the day!

### HEAR ME PLAY! PIANO/KEYBOARD CLASS

Our daily piano/keyboard class introduces students to basic keyboard techniques and catchy melodies. We will incorporate things we learn in music theory class, singing, and we'll be playing some fun tunes!

Note: A piano or keyboard at home is required. Keyboards are available to rent through Bravo upon request.

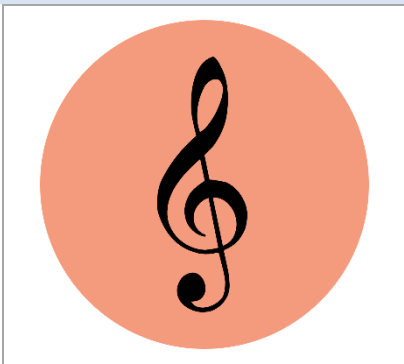

## SINGING SUPERSTARS

We'll be singing all week long – from Disney classics to catchy popular tunes to traditional music from other cultures!

Our voices are our first instrument and unique to each person – let's let our voices shine!

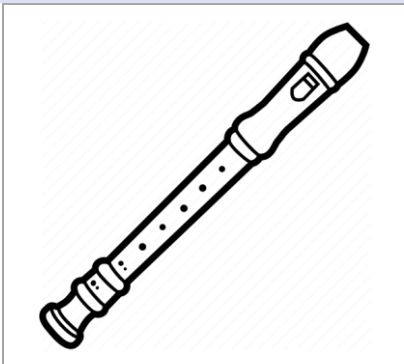

## FUN WITH MUSIC THEORY AND MUSIC STORYTELLING

Build the foundations of your music learning with the simple building blocks of music theory! We'll explore different rhythms, notes on the music staff, how to read music, and we will better understand the songs we sing and play in our singing, piano, and recorder classes!

In music storytelling class, we'll be talking together about the history of music, its importance, and some famous musicians who have changed how we read, write, and even listen to music!

## I'M A MUSICIAN! RECORDER CLASS

The sound of the recorder has been described as "clear and sweet," and it is a wonderful introduction to woodwind instruments and applying basic music principles.

In addition to our piano/keyboard classes, the recorder is a great way to learn a different kind of instrument, while playing fun songs and practicing note-reading. Maybe you can even compose your own songs!
